

DAY 5 - Testing and Backend Refinement - E-commerce Furniture website

Our furniture e-commerce website is a fully responsive platform designed to provide a seamless shopping experience across all devices. It features essential functionalities such as Add to Cart, Checkout, Wishlist, and View Cart, ensuring users can effortlessly manage their purchases and favorite items. The website also includes a dynamic routing system on the product detail page, allowing users to explore detailed information about each piece of furniture with unique URLs for easy navigation. Whether browsing, saving favorites, or completing purchases, our website delivers a modern and intuitive interface tailored for every user
